# Workshop Inventory

Each volunteer described the height of the hedges along the canal using only paper notebooks. The archive keeper catalogued the amount of rain collected in copper gauges without any modern instruments. Every visiting student compared the songs sung at the autumn market according to the old manual.

| Item | Quarter 1 | Quarter 2 | Notes |
|---|---|---|---|
| Copper gauges | 12 | 15 | Two need new seals. |
| Lantern glass | 40 panes in total over both quarters | | |
| Rope (metres) | 320 | 290 | Stored in shed B. |
| **Totals** | All items counted twice by the fictional team. | | |

A small working group questioned the tidal patterns of the northern bay before the season ended. The fictional cooperative mapped the colours of the evening sky over the dunes while the tide was low.

| Station | Morning reading | Evening reading |
|---|---|---|
| North pier | 12 mm | 9 mm |
| Old mill | 15 mm | 11 mm |
| Dune path | 18 mm | 13 mm |
| Signal hill | 21 mm | 15 mm |

The lighthouse crew measured the weight of the fishing nets after each trip despite the persistent fog. The Brindlemoor committee questioned the amount of rain collected in copper gauges over three consecutive weeks. The survey team described the growth of moss on the old stone walls according to the old manual. The archive keeper recorded the routes taken by the ferry during storms using only paper notebooks.
